National Safety Council Official Speaks On Green Cross For Rotary

Speaking before the Rotary Club of Campbell, Mr. William Fuller, San Jose representative of the National Safety Council, last Monday gave details of the organization of the San Jose-Santa Clara chapter. Mr. Clyde Fisher, who was later to be elected president of the local Green Cross, was the instigator of the movement in San Jose. As Mr. Fisher put it, "Green Cross is a continuous program of accident prevention that works. It can't work here too, with the help of the public. Everyone is invited to join the civic-minded, safety-conscious people of San Jose and Santa Clara County who want to see the tragic death toll of this area reduced."

Mr. Fuller, an energetic speaker, spoke thus: "If it were possible to point out to you right now the person whose life could be saved with your help, there would be no question of your willingness to do your part. The American people are that way. But it just isn't possible."

"Nevertheless every fatal accident takes the life of somebody's loved one, and accidents are robbing America of more future working years than any one natural cause of death — including heart disease, pneumonia and cancer."

"Yet accidents can be reduced and definitely controlled through aggressive action along right lines, stimulated by community safety effort."

"Our community safety council carries on continuous programs for industry, commerce, for homes and schools, for motorists, pedestrians — people in all walks of life."

"The National Safety Council cooperates fully in the work of all its councils and chapters. We are an affiliate of that present organization."

"Our council is recognized as an essential local institution. Its leadership commands respect. Its work is constructive, far reaching. It saves lives."

"Our program is made possible only through funds provided by local firms and local people. The responsibility for the safety of any community must rest with its citizens."

To illustrate his points on safe driving, Mr. Fuller showed a film titled "Screw Drivers."

Visitors at the meeting numbered 26.

There will be no meeting of the Rotary Club Monday, October 17. In its stead, there will be a joint meeting of the Campbell, Beverly-Burbank and Santa Clara clubs at Santa Clara on Thursday, October 20.

"Double Door" Goes On Boards October 28, 29

If you should hear Parent-Teacher Association and Footlighters members talking about "Double Doors" and "such" don't be alarmed. They're so tied up in preparation for this play, scheduled for October 28 and 29 at the Campbell High School auditorium that they even think double.

And maybe you'd like to know what "Double Door" is about! It's the story of Victoria, a dominating older sister (Thais Ackerman) who rules the Van Bret family and fortune with an iron hand. She has completely scared Caroline, the younger sister (Betty Legg) into being submissive to her will and has tried to do the same with Rip, her brother, played by Warren Brown.

Rip marries Anne (Ida Levenberg) much against Victoria's will. Victoria then proceeds to make Anne's life as miserable as possible by . . . well, see "Double Door" and find out!

Tickets are on sale now. Buy them from Footlighters, High School PTA members or students. Don't miss it.

Ladies' Night Dinner Planned By Kiwanians

Campbell Kiwanians will play hosts to their ladies next Tuesday evening at a 6:30 o'clock dinner. Fred Jones will introduce the guest speaker, Mr. Thomson of the Fiberglas company.

Miss Jeanette Collins was the guest speaker at this Tuesday's meeting. Introduced by chairman of the day, C. P. Klassen, she told of her trip through Europe this past summer. She traveled with a group under auspices of the American Youth Hostel association. Cost of the trip was about \$800.

Although the price of the tour did not include first class accommodations in the countries visited, it did provide clean and wholesome quarters, with an occasional camp out for the cycling group.

The Youth Hostel tourists arrived in England July 5 and spent considerable time in touring London. Miss Collins spoke of the austere food ration in London, a fair amount of food in Belgium, rationing in Holland and excellent fare in France and Switzerland.

Cycling was popular in the European countries, she said, and consequently paths for cycling are provided along side the motor roads. She described the group's crossing the Rhine river to Rotterdam, and said they went under the river through a tube, entrances to which were equipped with escalators.

Many places along the route were still devastated from the war, but were gradually being rebuilt.

Most pleasant and best liked country the group visited was Switzerland, especially Lucerne where the group watched folk dances and enjoyed many other novel events peculiar to the region.

Another guest at the meeting was Bruce Abernathy, student body president of Campbell High School and prominent in Future Farmer and football activities.

Visitors were William Capener of Los Gatos; Fred Bradman, San Marino, and Mr. Morrison of Santa Clara.

Perfect attendance pins were awarded two members of the club, L. J. "Bill" Means for completing his first year, and Dr. W. R. Morgan for 16 years of perfect attendance.

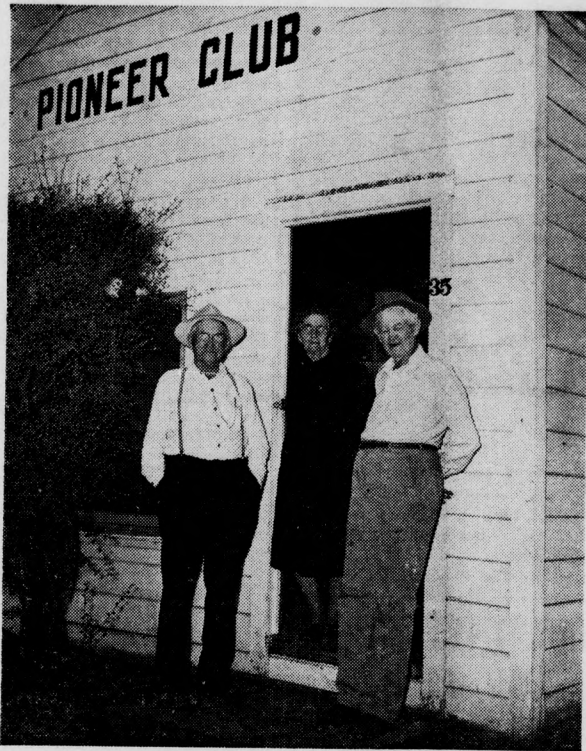

Former Teacher, Conrad E. York, Succumbs At 68

Conrad E. York, retired member of the Campbell Union High School faculty, died October 6 in Los Gatos. York, who was 68, was a native of Indiana. He was a former vice-principal of the local high school and had been a member of the faculty for 25 years. He was past master of Charity Lodge 362, F&AM.

Funeral services were held Saturday from the Rutherford Funeral Home, Campbell, followed by interment at Los Gatos Cemetery. Charity Lodge was in charge of the services. Pallbearers were D. H. Cramer, Wilbur Mitchell, Stanley Smith, Max Mumma, Chris Anderson and Lloyd Morgan.

Mr. York is survived by his widow, Mrs. Nona York of Los Gatos; sons, Philip York of Pocatello, Idaho, Donald York, Alameda, and daughter, Mrs. Betty Akers, all of Los Gatos.

If your home was missed by the Campbell Community Service Fund solicitor in your neighborhood, or if you were not home when she called, will you please notify Mrs. J. W. Knowles, Campbell 2083, and she will send out a volunteer worker to call on you. If you prefer, you can leave your donation with the Campbell Water Company or at the Campbell High School office. Your donation is needed. Everyone must be given an opportunity to give to the Community Service Fund.

Through donations of materials and by dint of their own labors members of the Pioneer Club have completed remodeling of the building at 35 S. First Street which has been provided them for use as a meeting hall and recreation building. Standing at the doorway are William Truax, president pro-tem of the club, Mrs. Clara Baldwin, secretary-treasurer pro-tem, who led the drive, single-handed, to obtain a building, raise funds and gather materials for the remodeling, and Mr. Mack McDonald.

Young Car Clouters Offered Chance To Return Stolen Goods Before Arrest

In an endeavor to give local "car clouting" youths, especially a group of high school boys, an opportunity to straighten out before they are faced with serious charges of law violation, a disinterested Campbell citizen has offered his services to both law officers and the boys.

In a statement to the Press this morning, the man said he had run up against one case of juvenile delinquency and had helped the boy return articles which the youngster took from a car in town.

The man said he called on Constable Ethan Lanphear and Merchant Patrolman Robert Locke, to offer his services in behalf of the boys. He learned that a number of the boys are known and are under close watch, and may be apprehended soon if they continue to steal from cars.

Before the crackdowns begin, those boys who have been stealing from cars are offered the opportunity to return those articles, said the man. "They may send them to P. O. Box 505, Campbell. The boys need not give their names. It will help me to return the articles if they will state when they were taken, where, and make of car, if possible. This information is not necessary. The articles may be mailed from other towns of the boys wish, or they may be dropped through the post office mail slot at night. Those who do not have the price of postage may leave their packages in the post-office or send them to P.O. Box 505, collect."

The man said he was interested in helping the youths to give up their desire to steal before it is too late, and to help them to develop other, more worth while interests in life.

At this morning worship service the pastor will preach the sermon, and will also sing a baritone solo. Mrs. Virginia Rutherford will play the organ for the service.

Local Hardware Concern Begins Fourth Year

Campbell Hardware Company this week begins its fourth year in Campbell under ownership of partners Cel Gerevas and J. "Norm" Corvello. "The past three years have been a wonderful experience for us. We treasure the friendships we have made in the past and look forward to meeting new friends in the future," commented Gerevas.

The owners have assumed active roles in the community affairs. Between the two of them they hold membership in six local groups: the Chamber of Commerce, Rotary Club, Kiwanis Club, St. Lucy's Men's Club, Footlighters, and American Legion.

As for their know-how, they represent 40 years of experience in the hardware business, and invite residents to submit their hardware problems to them. "We carry as complete a stock as any hardware store in the valley. We also keep our prices competitive and will refund the difference if our prices are out of line with legitimate competition."

Outgoing officers are Lowell J. Benson, president; William C. Henley, vice-president; Guy E. Farley, secretary; Ethan Lanphear, treasurer; D. H. Cramer, Hans Hansen, Laurence J. Hill, Fred Jones, Budd Levenberg and Milton Nelson, board of directors.

McKinnon To Get Parking Petition Signed by 43

Forty-three Campbell business firms have signed the parking petition circulated by the Campbell Chamber of Commerce, president J. M. Dahl announced today. Dahl said he and chamber secretary Forrest Reese will probably present the petition to Joseph M. McKinnon, Fourth District County Supervisor, Monday morning.

In the petition the businessmen ask county action to reduce the parking problem along streets in the Campbell business district.

The Chamber took action on the parking problem last month following publication of an editorial on the problem in the Campbell Press of August 19. The Press had received numerous requests that "something be done" about the business area parking situation. Merchants and shoppers alike objected to practice of cannery workers and other employees in the area who parked their cars all day on the main streets. In response to the editorial, in which it was suggested that these people use the side streets for all-day parking, the congestion was alleviated slightly. However, residents and merchants felt there should be a permanent solution through establishment of parking limits or other means, and the chamber voted to draw up and circulate the now completed petition.

C of C To Name Old Settlers' Day Chairman

Board of directors of the Campbell Chamber of Commerce will meet Monday night to prepare the plans for the monthly session of the chamber Wednesday in the library clubrooms.

Highlight of Wednesday's session is expected to be selection of a general chairman for Campbell's annual community event, Old Settlers' Day, held on Washington's birthday, February 22.

With naming of the general chairman, plans for the big celebration will get underway, and the chairman will name various division chairmen for the parade, awards, program, whiskeyrino contest and other events.

Old Settlers' Day is sponsored each year by the Campbell Chamber of Commerce, and all organizations in the area join in the celebration which draws throngs of visitors from other valley points and bay area communities.

Resuscitator Aids Victim Of Asthma Attack

The resuscitator at the Campbell Volunteer Fire Department was called into use at about 12:40 p.m. today to treat a victim of an asthma attack.

Assistant Chief Eugene Scott, Captain V. Gardner and Henry Sanfilippo, fireman, rushed the resuscitator to 124 N. Dillon Avenue where a Mrs. Bucklow, occupant of a house trailer, was suffering from a severe attack of asthma. The firemen worked over the nearly unconscious woman for 15 minutes, giving her oxygen, before bringing her around.

After reviving Mrs. Bucklow, she was sent to Santa Clara County Hospital via Campbell Taxi.

Committee Sets Deadline For Merchant Entry

Deadline for merchants to enter the Buy-In-Campbell Campaign will be November 1, the guarantors of the new deluxe Plymouth sedan prize for the drive agreed at a meeting Monday night.

Spotswood Motors of Los Gatos delivered the car to the committee Tuesday afternoon. During coming days of the drive, the car will be moved one block each day, starting at the east end of town and moving west to Winchester Road, up as far as Cheerio Corners, down as far as Rutherford's Funeral Home, then back down Campbell Avenue to La Scuola's Market. The route will be repeated until the car is given away on December 22 to the holder of the winning ticket.

Anyone trading in Campbell is eligible to win the car. The merchants listed in the Buy-In-Campbell Committee's full page ad in this paper, have the tickets and will present them to their customers when purchases are made in their stores. Ask for your tickets.

The committee of merchants will, in addition to paying for the car, pay for the auto transfer and the state sales tax.

Board Considers Zone Application

Planning Commissioners took under advisement the petition of G. K. Schrader and C. S. Hocking to reclassify property on the east corner of San Jose-Los Gatos Rd. and Union Avenue to a commercial zone. Second hearing on the matter was conducted October 5 by the commission. Report of the board's findings will be given at the October 19 meeting.

Schrader and Hocking sought rezoning of property adjoining the present shopping center in order to enlarge the center and provide additional parking space.

The commission denied application of Pauline Roberts for extension of a C-2 zone into an R-1 zone on property divided by a zoning boundary. Property is located on the west side of San Jose-Los Gatos Road approximately 300 feet south of the center line of Campbell Avenue. Owners indicated they planned to erect a dwelling on the property but asked commercial zoning in order to develop the property commercially in the event that there is a similar development on adjoining property. The commission denied application on grounds there is no immediate commercial development contemplated for the area.

Leslie Gagliasso Injured In Crash Of Auto and Taxi

Leslie C. Gagliasso, 24, of Route 2, Box 385, Campbell suffered minor injuries Sunday night in a sideswipe rear-end collision, as he sat in his parked Campbell Taxi on Campbell at Central Avenues, officers reported.

California Highway Patrolmen John Johansson and Clifford Shannon, said the taxi was struck by the car driven by George Myers, 25, 2197 Stone Avenue, San Jose, who was going east on Campbell Avenue. The accident occurred at 10:30 p.m. Gagliasso was taken to Emergency Aid Station for treatment of wrenched back, neck and shoulders.

Owner of the taxi is Herbert Gordon, Route 1, Box 304, Los Gatos. Damage to the taxi is believed to be about \$350. The left rear fender, right door, left rear wheel, rear bumper, gas tank and left side were damaged.

Owner of the car Myers was driving is Loy Davis, P.O. Box 111, Monterey Road, Coyote. Front grille, radiator, bumper and front fenders were damaged.

Report of the officers is still incomplete. No citation had been issued at press time.

with soliciting apparently complete, \$424.85; San Tomas, soliciting about half finished, \$100.19; Campbell, business area complete, \$2,276.28; Moreland, \$224.50; Moorpark, \$460.75, and Cambrian, \$251.65. In the last three residential areas soliciting is slightly more than half complete.

"With little more than half our quota reached, we have less than half the assets left," Mrs. Knowles continued, explaining that the business districts have been completed, and the balance of the quota must come from the residential districts still not completed.

"In looking over the workers' envelopes, we have noticed that many people have given very generously. A number of workers have spoken of the friendliness with which they have been treated, and of the generosity of the residents."

During the first week of the drive, she said, workers reported numerous unpleasant incidents, but apparently the early workers had a bad territory, Mrs. Knowles said. There have been few such cases this week. She mentioned one woman who told the worker that when her children were old enough for scouting then she would give.

"We will probably have the drive pretty well cleaned up by Monday," said the chairman. "The Hamilton district is finished, and we appreciate the way in which they speeded up the work and the fine job they did."

She asked that the Press again explain to the readers that volunteer workers are not paid in any way for their efforts. They do not receive gas mileage, they pay for their meals at the report dinners, they pay for their own gas, they give up valuable time to the work. "Some people cannot understand that there are people who will do things for nothing," she commented.

Safecrackers Unsuccessful At High School

Safecrackers failed in their efforts to break open the safe in the office of the Campbell Union High School Sunday night or Monday morning, but they did put repairs to a lot of trouble.

The yeggs broke the office door to enter the room, and did manage to open the outer door of the safe. They damaged the inner door and safe combination which they attempted to jimmy, but failed to break into the safe itself.

Repairmen who arrived from San Francisco worked on the door for four hours before being able to remove it.

Deputy Sheriffs James Cunningham and Harvey Hutchings investigated.

The same group of safe crackers apparently were involved in similar jobs the same night at San Jose State College and San Jose High School. They were unsuccessful at the college, but took \$450.95 from the San Jose High safe.

Boy Scout News

Boy Scout Troop 31 of the Campbell Congregational Church held a successful camp October 8 and 9 at Island Dell. Highlight of the trip was time spent in the row boats. Many boys got a little "damp."

Ed Dalzell was in charge of the trip. Mr. Dalzell and Jim Olds furnished transportation. Rev. Corwin Olds gave an interesting talk on leather and how to recognize it. He exhibited samples of different leathers and Eskimo moccasins made of seal skin.

Ben Ziegler is taking over the duties of scoutmaster. He is relieving Larry Cowper who has done a remarkable job with the troop. He has placed it high in standings as one of the top troops in the council. Dave Sanders is taking charge of the newly formed explorer patrol.

Scouts participating in the hike were: Ron Madden, Leon Madden, Ray Hauchix, Jim Sims, Vernon Lunt, David Roberts, Bob Plymale, Roger Schaeffle, Bob Dalzell, Glenn Dalzell, Leroy Gilliam, Tom Gilliam and Bill Plymale.

Ancient Mexico And Guatemala Travelogue Topic

Los Gatos Kiwanis club will sponsor a travelogue and colored motion pictures to be presented by Dr. Gustave Fassin the evening of October 26 at Los Gatos High school auditorium. The public is invited. Admission will be 60 cents and proceeds of the event will go to the Will Harder Student Loan Fund Memorial.

Dr. Fassin will speak on his recent trip to Mexico and Guatemala, and show motion pictures of the trip. The popular lecturer describes Mexico City as a "city of contrast, where the very ancient meets the most modern, where the oxcart disputes the right of way with the Cadillac, where modern hotels are built on top of the ruins of ancient pyramids and temples."

The trip took him through primitive villages, ancient ruins and modern towns, to the beautiful lake of Guazuaru with its interesting fishermen, to the Garecubin volcano which he photographed during an eruption, and to the colorful floating gardens of Xochimilco. He describes Guatemala, country of the old Mayan civilization, as the only country where the native is more colorful than the landscape and the landscape is unexcelled.

Tickets may be purchased at the door October 26.

LETTERS TO THE EDITOR

Opinions expressed in letters to this department do not necessarily reflect the editorial policy of the Campbell Press.—Ed.

The Campbell Press Gentlemen:

Your most recent article dealing with abuses and unfriendliness towards the solicitors for the Community Service Fund here in Campbell actually startled me. Some relentless urge impels me to regard these statements as a bit harsh and severe, at least to judge so from my own experience as a solicitor here in Campbell.

I'm sure you will agree that it is to be expected that here and there contributors in an unresponsive mood are to be met with, yet it does not seem quite fair to single these out as a criterion to defame Campbell community in its entirety.

Personally, I found mostly all the folks I called upon for contributions downright swell—some even asked me to a cup of coffee or a smoke and lots of them really overwhelmed me with their generosity. I've solicited before in other states; by comparison the reception accorded me in Campbell was more cordial.

So, in defense of these fine-spirited contributors I had the good fortune to contact, I would like to see some mention of praise they justly deserve.

Sincerely Yours,
Joseph F. Feit,
110 N. Carlyn Street,
Campbell, Calif.

—Good for you, Mr. Feit. We're glad to hear that the majority of the residents are so cooperative. Perhaps your letter will influence the door slammers to turn over a new leaf. We, too, want the town to put its best foot forward.—Ed.

LESSON-SERMON

"All things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation" (II Corinthians 5:18). This is the Golden Text for the Christian Science Lesson-Sermon on Sunday, October 16, for the subject "Doctrine of Atonement."

Included in the sermon are the following citations:

Isaiah: "How beautiful upon the mountains are the feet of him that bringeth good tidings, that publisheth peace; that bringeth good tidings of good, that publisheth salvation; that saith unto Zion, Thy God reigneth! Break forth into joy, sing together, ye waste places of Jerusalem: for the Lord hath comforted his people, he hath redeemed Jerusalem" (52:7,9).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "He to whom 'the arm of the Lord' is revealed will believe our report, and rise into newness of life with regeneration. This is having part in the atonement; this is the understanding, in which Jesus suffered and triumphed" (p. 24).

Moorpark PTA Gets Acquainted At First Session

Over 100 fathers and mothers attended the first fall meeting of Moorpark School Parent-Teachers Association Tuesday evening at the school.

Following a get-acquainted period, and serving of refreshments, Mrs. Eugen C. Andres, Jr., president, welcomed the parents and presented William C. Henley, superintendent of Campbell Union Elementary School District, and John P. Duncan, new Moorpark school principal.

Mr. Duncan introduced the school faculty and spoke on the importance of voters' support for Proposition One in the November 8 election. The measure would allow the state to set up a \$250,000,000 fund from which needy schools could borrow to provide adequate classroom facilities for children. Great expansion in California schools is still necessary, Duncan said, since the number of children of 1 day to 4 and one-half years old already exceeds the total now in state schools.

Mrs. Andres introduced PTA officers and board chairmen to the group, and called for reports on planning for Moorpark Halloween Carnival October 28. Mrs. H. E. Womer of the PTA and Jerry Ginney of Moorpark Men's club, co-chairmen for the carnival, told of arrangements for the community event.

Featured speaker of the evening was Miss Helena Tepper, director of the San Jose Visiting Nurse Association, who explained the many community services carried on by her organization and available to all who need help.

Pioneer Club Officer Election Next Monday

These folks mean business for the West... Pacific Telephone people receive pay adding up to \$19,000,000 a month.

Telephone paychecks also come to you

1. Timber... paper... copper—we have to buy many things to build and run the telephone system. Last year Western Electric, our principal manufacturer and supplier, bought over 20 million dollars worth of materials in the West. More than half of each dollar we take in goes for employees. Most of it is spent and goes into circulation where they work and live.

3. When you add it all up, you find the money you spend for service comes back, in large part, to you. And your telephone dollars are buying more service than ever. Today you can call more of the people you want to call... more can call you. And your telephone still does its jobs for only a few pennies a call.

2. More than 80,000 of those whose savings built the business... who own telephone stock... live in the West. In return for the use of their money, a few pennies of each telephone dollar go to them. And as they spend it, they also add to Western prosperity. It would probably be hard to find anyone who does not in some way benefit from the money we spend.

The Pacific Telephone and Telegraph Company

GIVE TO YOUR COMMUNITY CHEST...GIVE ALL YOU CAN.

WE SALUTE... OUR HOSPITALS

Someone once said that all well people should visit a hospital occasionally to see how fortunate they are! When a friend or loved one is being tenderly cared for in one of our hospitals, then we understand the great importance of these institutions. Staffed with doctors, nurses, internes and all manner of life-saving equipment, the hospital is mercy headquarters for all who are suffering. We never cease to wonder at the modern miracles performed in our hospitals. Their works go largely unheralded. But their eagerness to bind up wounds and make men whole again goes on forever. What would we do without these havens of healing?

Afternoon Races Replace Evening Race Schedule

With a respectful bow to the coming of old man winter, the California Stock Car Racing association will hold its final, San Jose night hard top program at that city's Speedway this Saturday at 8:15.

CSCRA head Bob Barkhimer, however, hastens to explain that the Stocks, following this weekend, will perform on Sunday afternoons at the San Jose racing park.

Barkhimer, still dazed but oh-so-happy over the success his hard top organization has enjoyed since its inception last August. Crowds at San Jose the past few weeks have surpassed what the Hot Rods were attracting in the last part of their season at the same track.

M. B. Parker Develops Lamp For TV Audience

A new product to reduce eye-strain among the rapidly-growing television audience has been originated by M. B. Parker of 5 Munro Avenue, Campbell. The sight-saver is an indirect lamp which provides a pleasing, no-glare light source to relieve the contrast between total darkness and the stark, vivid brightness of the television screen.

The lamp was originally adapted by Parker for use by his family, until he conceived the idea of making it available to the general public. Mr. Parker is a chemist at Commercial Solvent Corporation, Agnew.

MR. AND MRS. FRED JOHNSON have established their home at 279 W. Rincon Avenue, after moving from San Jose. Their son, Gilbert, 15, has transferred to the sophomore class at Campbell High school. The Johnsons operate a rooming house for college girls in San Jose. Mrs. Johnson said she and her husband searched the residential sections from Walnut Creek to Los Gatos, and finally chose Campbell for their permanent home. "We think Campbell is a pretty nice community," she said. Two and a half years ago they moved to San Jose from Oakland. Prior to that, seven years ago, the Johnsons bought acreage in Campbell, and recently they purchased a house and had it moved onto the property.

News from ORCHARD CITY GRANGE

Orchard City Grange adopted two important resolutions at its meeting Tuesday night in the Campbell IOOF hall. The group voted endorsement of Proposition One, the \$250,000,000 school bond issue, on the November ballot, and went on record as opposing passage of the daylight saving proposition, Number 12.

The resolutions follow:

Orchard City Grange, No. 333, assembled this 11th day of October, 1949, does hereby place itself on record as opposing the passage of any legislative statute that does not give the voters of this state time to become acquainted with its meanings and implications. Particularly do we condemn practices which through use of funds, for class or selfish purposes place initiative measures upon the ballot with less than the 130 days given by law to the voters and citizens of this state for their consideration. We earnestly call attention to No. 12 on the ballot this fall as a most flagrant outstanding example of such unethical practice; this measure having been qualified by the Attorney General for the ballot with only 94 days given for state-wide study and thought.

Knowing these facts we call upon the thinking and fair minded people of this state to repudiate such Pearl Harbor plots. Not only by voting NO on proposition No. 12, but to also support future legislation making any more such undemocratic and un-American proceedings impossible. We commend our State Master and State

Louis Marion Funeral Held

Louis Marion, 74, native of Switzerland, died in Campbell Sunday. Services were held in San Jose Sunday. Interment was at Oak Hill Memorial Park.

Mr. Marion leaves his widow, Mrs. Katherine Marion of Campbell; son Earl Marion of San Francisco, and daughter, Evelyn Strang of San Jose.

Grange Officers for their untiring good work in urging the defeat of No. 12 and pledge our utmost support to do likewise.

RESOLVED that Orchard City Grange No. 333 endorse Proposition 1 on the ballot at the Emergency Election November 8, said Proposition being a proposed bond issue of \$250,000,000 to provide money to be loaned for school building construction to school districts which, though they bond themselves to capacity, cannot finance such construction necessary to house their pupils."

Flashes From Campbell Campus

By DICK LAKE

Declaring the 1949 Freshman class to be the fastest go-getters in the history of Campbell High School, Mrs. Marion Winston, arts and crafts, stood about proudly for hours Wednesday night listening to visitors exclaim delightedly over the unusual Freshman hobby exhibits displayed in the Agricultural Building.

Beaming as proudly as Mrs. Winston was Mrs. Muriel Ponder, Freshman Counselor. She said, "Sixty of the first year students admitted they had hobbies the other day. We suggested a hobby show. The response was immediate. Thirty-five of them brought exhibits. Volunteers cleaned up the somewhat messy Agricultural room, arranged and covered tables, and before we really had time to warm up to the idea the displays were ready."

Outstanding human interest feature of the exhibit was native-costume-clad Mikiala Montero, 14-year-old Hawaiian miss, who has been in this country just two months, and Gwen Nomura, 13, charming Japanese, also dressed in a native costume. The girls, who acted as hostesses, did native dances, and displayed silks, satins, feathers, buttons and bows.

Bearing up under tremendous hunger was Charles Cantoni, who as host for the exhibit missed his dinner of spaghetti, garlic bread, and several kinds of cake served by the PTA. Hostesses were Dorothy Herschbach, Shirley Collum, Ron Cantoni, Mikiala Montero, Gwen Nomura, David Emery, Arlene Weiss, Lily Mantia, Einar Nielsen and Gail Garner.

In addition to Mesdames Winston and Ponder, other Orientation teachers and counselors for freshmen are: Mrs. Virginia Shannon, business mathematics; Mrs. Doris Seaton, reading; and Miss Mildred Mendia, algebra and Spanish.

Students exhibiting their hobbies were:

Joan Mollenberg, crochet dogs, Connie Fighes, copper tooling; No-rene French, buttons; Alice Jones, small pitchers, match covers; Pat Landrie, model hot rods; Hoyt Lower, old auto emblems; Nada Stepovich, stamps; George Rohrbacher, match folders, Carolyn Nickell, wood burning; Shirley Collum, storybook dolls. Paul Goulding, model rocket, oil painting; Laurel Peterson, knitting, argyle socks; Marian Harp, storybook dolls; Elaine Grace, painting; Einar Nielsen, model airplanes, boats; Gail Gainer, shells; Veri Weitzel, taxidermy; Margaret Roe, post cards, chip carved boxes; Aldine Mezzetta, embroidery, weaving; Geraldine Frey, shell craft, beadwork; Bill Rogers, photography; Vora Jean Burlingame, clay modelling; Myra Jean Van de Mark, Oriental dolls; Richard Dahms, coin collections; Roy Inouye, painting; Mikiala Montero, Hawaiian dancing accessories; Gwen Nomura, Japanese sashes; George Cleveland, home-made radio; Jackie Davis, foreign coins; Bob Ludwig, album of old cars, pictures of '49 cars and trucks; Dorothy Herschbach, stamps; Jack McMahon, pictures of travels; Claire McPaul, dolls, coins.

More than 125 hungry persons, 40 of them teachers, attended a get-acquainted PTA meeting and cafeteria style dinner at Campbell High School Wednesday night. Instructive speeches, and the introduction of faculty members to parents were the purpose of the dinner.

A check of plates at the tables showed that teachers heaped theirs almost twice as high as did the parents. This, according to one of the hostesses, was because everyone helped himself at the cafeteria counter. Male members of the faculty also ran heavily to cake.

Following are the senior officers elected this week: Dudley Herschbach, president; Winnie Hill, vice-president; Lillie Meelen, secretary; and George Blank, treasurer.

Junior class officers announced are: Tom Takate, president; Alex Stepovich, vice-president; Pauline Cleveland, secretary; and Pat Finnell, treasurer.
